

## STATEMENT OF PRINCIPLES

1. The Pregnancy Resource Centre (PRC) is an outreach ministry of Christ through His church. Therefore, the PRC, embodied in its ministry workers, is committed to presenting the gospel of our Lord both in word and deed to those who are experiencing crisis pregnancies. Commensurate with this purpose, board members, volunteers, and staff are expected to know Christ as their Saviour and Lord.
2. The PRC is committed to providing its clients with complete and accurate information relative to abortion, post-abortion trauma, single parenting, and adoption.
3. The PRC is committed to integrity in dealing with clients, earning their trust, and providing promised information and services. The PRC denounces any form of deception in its corporate advertising or individual conversations with clients.
4. The PRC is committed to creating awareness within the local community of the needs of those experiencing a crisis pregnancy and the fact that abortion only compounds human need rather than resolving it.
5. The PRC is committed to making young people aware of the advantages of abstinence before marriage.
6. The PRC does not discriminate in providing services because of race, colour, national origin, age, sex or marital status of its clients.
7. The PRC does not recommend, provide, or refer for abortion or abortifacients.
8. The PRC does not recommend, provide, or refer single women for contraceptives. (A married woman seeking contraceptive information should be urged to seek counsel from a physician.)
9. The PRC recognizes the value of adoption as an alternative to abortion but does not arrange adoptions and does not work in any contractual way with any adoption agencies. The PRC does not arrange independent adoptions. The PRC does not share office space with any adoption agency. A client seeking this option will be referred to Family and Community Services.
10. The PRC is committed to offering all client services free of charge.
